

**Mid Atlantic Community Paper
Association
ASSOCIATE MEMBER
BENEFITS**

MACPA recognizes the value added offered to our membership through the participation of all our associate members in the ongoing activities of both the association and the industry.

We have two membership levels that you can take advantage of which are: \$125 tradeshow and marketing membership and \$75 marketing membership only. Below are the highlights of what you receive for each level.

- For both membership levels: MACPA will provide you with
 - FREE MACPA website advertising
 - FREE trade show booth space
 - FREE business card ad in the MACPA Messenger
- For tradeshow/marketing membership, take advantage of our annual conference to meet our attending members and share with them how your products and services can bring added value to their businesses. We go out of our way to make you feel welcomed and a part of all Conference activities. **FREE BOOTH SPACE & REGISTRATION**
- MACPA is one of the only publication associations where Associate Members are represented on the Board of Directors by a voting associate member. This gives you representation on the board and in-turn provides better Associate Member benefits to you.
- Access to the complete list of member publications including publication data, contacts, email addresses, telephone and fax numbers as well as addresses.

In other words, you are part of the family when you are an Associate Member of MACPA.
